CR-05 - GOALS AND OUTCOMES

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year. The goals and objectives for the 2014-15 reporting period are based on HUD's priority needs identified in the 2010-2015 Five Year Consolidated Plan. The Five-Year Plan provided the guidelines for selecting projects and activities to fund during each subsequent program year. The goals identified in the plan, and the anticipated funds available are summarized in the table below.

| FY 2010-2015 Consolidated Plan Priority Needs | | |
|---|-------------------------|------------|
| Priority Needs and Objectives | Estimated 5-Year Budget | % of Total |
| GOAL A: HOMELESS/HIV/AIDS | \$3,640,000 | 16% |
| GOAL B: NONHOMELESS SPECIAL NEEDS | \$227,500 | 1% |
| GOAL C: RENTAL HOUSING | \$4,095,000 | 18% |
| GOAL D: OWNER-OCCUPIED HOUSING | \$5,005,000 | 22% |
| GOAL E: PUBLIC FACILITIES | \$3,640,000 | 16% |
| GOAL F: INFRASTRUCTURE | \$1,820,000 | 8% |
| GOAL G: ECONOMIC DEVELOPMENT | \$2,730,000 | 12% |
| GOAL H: PUBLIC SERVICES | \$1,592,500 | 7% |

The City of Lowell distributed more than \$3.3M in Consolidated Plan funds to more than 95 projects during the 2014-2015 reporting period. The following table outlines how funds were distributed among the priority need areas identified in the City's Consolidated Plan and FY 14-15 Annual Action Plan. Specific outcomes and accomplishments are provided in more detail in the section below.

| Expenditures by Five-Year Plan Priority Needs | | | | |
|---|-------------------|----------------------|----------------------|--------------------|
| Priority Need | Consolidated Plan | | Actual Expenditures | |

Table- Program Year & Strategic Plan to date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified. All projects supported with Consolidated Plan program funds during the reporting period met the statutory goals of providing decent housing and a suitable living environment and expanded economic opportunities, principally for low- income and moderate-income persons.

During the 2014-15 reporting period, CDBG funds were distributed among the HUD-priority needs identified in the 2010-2015 Consolidated Plan. A breakdown of proposed and actual CDBG expenditures during the FY 14-15 is provided in the table below.

| | 2014-2015 Funding Resources and Expenditure | | | | |
|----------------------|--|--------------|--------------|----------------|----------------|
| | CDBG | HOME | H-ESG | HOPWA | Total |
| Total Funds Received | 1,972,075.00 | \$598,592.00 | \$163,710.00 | \$1,087,727.00 | \$3,822,104.00 |
| Total Funds Expended | 1,633,952.89 | \$689,331.54 | \$130,856.46 | \$931,842.70 | \$3,385,983.59 |
| Expenditure Rate | 82% | 115% | 79% | 85% | 88% |

2014-15 Distribution by CDBG Funds

The actual expenditures for each priority need during program year 2014-15 were fairly consistent with those proposed in the Annual Action Plan. Affordable housing and infrastructure projects are often initiated during one program year but span multiple reporting periods, thus not funds are expended during a reporting period. Public Facility expenditures were higher than proposed due in large part to the draw down of funds that were originally allocated during previous program years. Many CDBG funded projects will continue through the next fiscal year when additional funds will be expended. Progress and expenditures on these activities will be reported in future CAPERs.

Table of Assistance to racial and ethnic populations by source of Funds

Narrative

According to the 2010 Census more than 42% of Lowell's population is a minority race or Hispanic. The City and the Citizens Advisory Committee is mindful in the selection of programs for funding, that services, especially those available in multiple languages, are made available to Lowell's minority populations. As the table illustrates above, 52% of CDBG program participants were non-white or Hispanic. 64% of HOME assisted households and 61% of HOPWA assisted households were non-white or Hispanic.

The table above outlines the Consolidated Plan funding received by the City of Lowell between July 1, 2014 and June 30, 2015. (Source: PR02 10/20/2015)

Funds expended during the program year include reprogrammed prior year funds and funds awarded to activities in prior years that were not spent until the 2014-15 program year. Finally several large construction projects will span the course of several program years with expenditures occurring over multiple years. As a result, funds expended do not equal funds received.

Lowell does not have a designated target area of investment but does prioritize funds in neighborhoods with greatest need. The Hamilton Canal District Infrastructure/ Construction Management project supports the infrastructure improvements for the Hamilton Canal District. This ongoing activity supports the development of new streets and sidewalks, permanent affordable housing units, office and retail space for new businesses and non-profits, and new public facilities and open space for approximately 15 acres of diminishing vacant space in the Jackson/Appleton/Middlesex (JAM) Urban Renewal Plan.

Entitlement funds were distributed among Lowell Census block groups with high concentrations of low- and moderate-income households and high concentrations of minorities. As stated previously, the City of Lowell awarded Entitlement funds among eight priority needs identified in the 2015 Five Year Consolidated Plan. The distribution of funds for these goals is illustrated on the maps below.

More than half of Lowell's population has an income at or below the Area Median Income, making the entire City eligible for federally funded activities. Recognizing the need to serve its low- and moderate-income population, however, the City gives priority consideration for the use of federal funds to Census Tracts with 51% or more of the population at or below the AMI. As the maps below indicate these areas are located primarily in the center of the City and some outlying block groups. Projects that are located outside of these priority areas are those that provide citywide benefits.

HOPWA funds have been distributed across Middlesex and Essex County to the cities and towns where the needs are the greatest, and the AIDS populations are the largest.

The HOPWA table below provides the location of the agencies that received HOPWA funds during the 2014-15 program year.

Leveraging – Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of Lowell shares HUD's goals of using Consolidated Plan funds to seed programs and projects that will ultimately prove financially self-sufficient. Unfortunately, over the past six-years other Federal, state, and local public resources for most of the activities eligible for Consolidated Plan funding have been cut severely in order to reduce deficits. Private resources have been similarly limited by reductions in corporate, foundation, and individual giving to nearly all non-profit entities during the same period. As a result, it has been nearly impossible for many organizations that address the priority needs established in the Consolidated Plan to survive without the assistance of the CDBG, HOME, ESG, and HOPWA programs. Nevertheless, the funds provided through the Consolidated Plan programs during the 2014-15 program year have leveraged a substantial amount of other public and private resources. These activities leveraged over **\$10.1** million in other funding, including more than **\$7.1** million in other Federal funds, more than **\$1.2** million in State and local funds, and over **\$2.4** million from private sources.

Matching Requirements

Lowell complies with the ESG match requirements through the matching funds provided by sub recipients. Lowell's total ESG match liability for the 2014-15 program year was **\$163,710**. More than **\$711,035** was identified in the 2015-15 program year to support the matching requirements. More discussion about the matching funds supplied by each sub recipient and their activities is included in subsequent sections of this report.

HOME Program Income

The HOME Program Income table illustrates the amount of HOME Program Income received and expended during the 2014-2015 reporting period. The HOME section of this report provides additional detail as to how these funds were expended.

HOME MBE/WBE Reporting

During the 2014-2015 program year, the City of Lowell's HOME program completed projects having 10 contracts and 36 subcontracts totaling \$783,341.00.

Minority Owners of Rental Property

The City of Lowell did not complete any homeowner rental projects using HOME funds during the 2014-2015 program year.

Relocation and Real Property Acquisition

No real property was acquired and no households or businesses were displaced during the 2014-2015 program year using Consolidated Plan program funds.

Discuss the difference between goals and outcomes and the problems encountered in meeting these goals.

New Housing Production: Projects that will result in new housing units are typically multi-year projects that take longer than 12 months to complete. Several projects identified for funding in the Action Plan experienced delays in securing additional funds to move the project out of pre-development phase. The City works closely with developers to ensure a timely start to project and supports attempts to secure additional funding from other federal, state, and private sources. Accomplishments for these projects will be reported in future CAPERs.

Rehabilitation of Existing Units: CDBG and HOME funds were used to support the rehab of low-income, owner-occupied and rental occupied housing units. Homebuyer Units: The City's First Time Homebuyer Program saw a smaller pool of qualified applicants than in previous years resulting in fewer households supported with down payment assistance than projected. The City, in partnership, with the Merrimack Valley Housing Partnership, has been working with qualified applicants with down payment assistance, in an effort to meet the needs of Lowell homebuyers.

Discuss how these outcomes will impact future annual action plans.

The City of Lowell will continue to make affordable housing a priority in its future Action Plans. Consistent with the 2010 Consolidated Plan and 2025 Sustainability Plan, entitlement grant funding will continue to support programs that assist first time homebuyers and maintain quality affordable housing units. Given the fiscal climate and dwindling resources at all levels of government and in the non-profit sector, as well as changes to housing regulations, it continues to be a challenge to reach annual housing goals. In preparation of future Annual Action Plans the City may consider changing its expectations for housing outputs. Future plans will also include more realistic timelines for project completion so that accomplishment goals are identified in the years they are anticipated to be reached.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Additional Narrative

In addressing priority housing needs in the City of Lowell it is crucial to highlight an action that is a driving factor in the City's efforts to provide safe, clean and affordable housing to those in need. The City of Lowell has committed to using a combination of Consolidated Plan funds, Low Income Housing Tax Credits, project-based subsidies, and private funding to create 220 units of affordable housing scattered throughout the City referred to as "Replication Units." These projects will consist of safe, clean and affordable rental housing.

The City, in collaboration with the LHA has made significant progress on reaching the goals of the Replication Plan. The LHA expects to have only three additional vouchers to award to meet the goals of the Replication Plan. The City will work closely with the LHA and local housing developers to help reach this goal in the near future.

CR-25 Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

As previously stated, in FY2013-2014 the Lowell Continuum of Care lost HUD funding for the city's street outreach program. However to fill this gap Bridgewell, Inc. through their Pathfinder Outreach Project, will provide outreach and health-focused case management services to this most difficult to reach and underserved adult populations in Lowell. Vulnerable individuals living in homeless encampments found throughout the city, typically along highways, rivers, train tracks, or in and around abandoned buildings. Unfortunately the Pathfinder Outreach Project received only \$13,000 in funding for the project that was only able to operate for just 3 months during the summer of 2014.

As a result, early in 2015 the Lowell Police Department created a Homeless Beat to address the increasing number of homeless camps; medical and behavioral health challenges of unsheltered and vulnerable persons; and ongoing complaints relating to pan handling. The Police are currently working in cooperation with the City Manager's Homeless Camps Initiative, CoC shelter and service providers and other governmental, institutional, and private property owners to assess individual needs and connect persons experiencing street homelessness to services, shelter and housing.

In July of 2015 due to a large numbers of suspected unsheltered homeless veterans, the U.S. Department of Veterans Services' Edith Nourse Rogers Medical Center (Bedford VA) and Veteran's Northeast Outreach Center committed to providing outreach services for veterans living on the streets and other areas not meant for human habitation.

Although the Lowell Police and Bedford VA are an important component of an outreach program to serve unsheltered persons, Lowell's CoC is committed to developing a full time outreach program based on a medical not criminal justice model. Discussion are beginning with health care centers and others to explore opportunities for funding to carry on the work of the outreach pilot and enhance programs now underway with the Lowell Police Department and Bedford VA.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City is committed to the national goal of ending homeless and working with CoC providers to maximize limited federal, state and local resources. It has developed a wide variety of strategies to meet the needs of homeless persons living in emergency shelter and transitional housing. Emergency shelters and transitional housing projects primarily employ a 'Housing First' strategy moving families and individuals to Rapid Re-housing, Permanent and Permanent Supportive Housing as quickly as possible.

To meet national goals to ensure that the most vulnerable households are placed in housing first, upon entering the system families and individuals work with case managers to complete a comprehensive, point-base vulnerability assessment. Those scoring the highest are prioritized for housing and services appropriate to their needs.

CoC member organizations are working to maintain a housing inventory and relationships with a wide variety of market rate and subsidized housing partners; and other facilities that include other institutional partners, emergency shelter, transitional housing, respite care and detox options. The goal is to integrating all housing types into a single comprehensive crisis response system for persons experiencing homelessness

In addition, the City is committed to assuring that the community facilities for the homeless provide decent, safe and sanitary residence for all those in crisis.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

A variety of efforts were undertaken by the City and the CoC agencies to prevent homelessness. The primary preventative services offered by different provider organizations included: rental assistance, financial assistance, utility assistance, housing relocation and stabilization services, counseling/advocacy and legal assistance. Many of these services were sought by families and individuals during times of financial difficulty to remain in their homes.

ESG funds were used to provide short and medium term rental assistance to those at-risk of becoming homeless as well as literally homeless. CDBG funds were used by community agencies serving the homeless which offered referral to a variety of agencies that provide services to help people avoid becoming homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City and Continuum of Care continues to find and seek additional funding to continue to homeless individuals and families make the transition to permanent housing and independent living. Lowell's

Housing First strategies are working to improve and simplify local housing and service systems making them easy to navigate, while targeting resources quickly and efficiently to the chronically homeless individuals and families.

An immediate connection to permanent supportive housing can ensure that the majority of homeless individuals remain housed, even among clients with severe substance abuse and mental health conditions. However, the jurisdiction has an extremely low vacancy rate and as the City is now a major college town the lack of affordable rental units in the Greater Lowell area is acute.

As stated above housing and service providers have built important collaborations with local landlords and innovative medically-based strategies for housing the chronically homeless. Community Teamwork, Inc. the regional Community Action and Housing Agency, Lowell Housing Authority and others offer homeless prevention services that include advocacy and counseling, tenant/landlord mediation, rental assistance, home modification, fuel assistance, Representative Payee Services, fair housing services, utility assistance, budgeting skills, job training and much more to individuals and families at risk of homelessness.

CR-30 PUBLIC HOUSING 91.220(H); 91.320(J)

ACTIONS TAKEN TO ADDRESS THE NEEDS OF PUBLIC HOUSING RESIDENTS:

The following summarizes improvements by the Lowell Housing Authority, in public housing programs initiated or ongoing during the reporting period.

Low Rent Public Housing Program: LHA continued to implement site based waiting lists for all Federal Public Housing Developments. This streamlined process allows applicants to choose developments that best suit their needs and has improved the screening procedures for applicants of public housing programs, as well as ensured vacant units are filled quickly.

LHA screening procedures for Public Housing Programs were improved enabling the Authority to create an approved Applicant Pool for each of the developments serviced. This system has saved time in making offers as soon as units become available.

The LHA has implemented an online application process to increase accessibility to applicants. The application form has been revised and requires basic household information. For those who wish to apply in one of our offices, staff is available to assist and answer any questions they may have.

ROSS Program: A Resident Service Coordinator (RSC) is employed directly by LHA to provide an array of supportive social services to elderly/disabled residents. Such services include: a) Assisting residents in applying for various financial, health and other benefit programs, b) Assisting residents with accessing medical, mental health and homemaker services, c) Assisting residents with accessing services that can enhance an individual's overall wellbeing including day, social, employment, recreational and nutritional programs, d) Providing crisis intervention services, as needed, and e) Facilitating health education presentations. The RSC has also provided trainings for Property Management and FSS staff on various mental health topics. The rationale for such trainings is twofold: a) to enhance non-clinical staff's understanding in these areas and b) to enhance the Property Management/RSC partnership in tenant preservation and quality of life efforts.

Some of the elderly/disabled sites continue to offer resident-operated breakfast cafes and luncheon meal programs via the Merrimack Valley Nutrition Project. A partnership with the Greater Boston Food Bank and Elder Services of Merrimack Valley makes available to a number of the residents, access to the monthly Brown Bag Program which provides extra food supplies available to eligible tenants. At the present time, 96 residents partake in this offering. Finally, in partnership with Community Teamwork, Inc., a number of residents participate in the Senior Corps Volunteer Program. Volunteers serve as Friendly Visitors to other elderly residents, most notably those who are socially isolated. The RSC serves as the on-site Station Supervisor for this program.

In an effort to respond to the mobility limitations of many Public Housing individuals and families, the LHA continues to increase the number of handicapped-accessible units within our developments through conversion of standard units to meet ADA requirements.

ACTIONS TAKEN TO ENCOURAGE PUBLIC HOUSING RESIDENTS TO BECOME MORE INVOLVED IN MANAGEMENT AND PARTICIPATE IN HOMEOWNERSHIP.

In an effort to address the needs of public housing residents, the Lowell Housing Authority offers its tenants opportunities to become involved in LHA management and policy implementation. LHA also provides a variety of activities aimed at self-sufficiency and homeownership among its residents. These programs are described below:

Community Service Program: A requirement of the residential lease signed by all public housing residents of LHA is to participate in the Community Service Program. As part of the program, non-exempt residents are mandated to contribute eight hours per month of community service, participate in eight hours per month of economic self-sufficiency activity, or a combination of the two.

Housing Choice Voucher & Public Housing Family Self-Sufficiency Programs: The Family Self-Sufficiency Program is designed to foster a holistic approach to self-sufficiency and engages with other agencies in the City to offer residents new opportunities for educational, financial and personal development. While overseeing an HCV FSS Program for many years, the LHA was awarded HUD funding to implement a Public Housing FSS Program in 2011 and has been awarded such on annual basis since that time. The premise of each program is that everyone deserves a chance for self-sufficiency, regardless of his or her current skill level, ability or past performance. Some of the provisions administered through the program include: intensive Case Management, resume development, financial literacy education, employment search support, credit repair guidance as well as instruction on nutrition, preventative medical care and healthy living. Referrals are frequently made to the Career Center of Lowell, Suitability, The Wish Project, Community Teamwork, Inc., and Middlesex Community College to assist in meeting the educational and employment goals of our participants. Through increases in earned income, many families become eligible for an interest-bearing escrow account. This component has allowed numerous LHA families to transition from subsidized housing to homeownership. During 2015, two HCV FSS participants completed their FSS Contract via satisfying their final goal of homeownership. Each participant successfully purchased a single family home within the City of Lowell. It is anticipated that additional families will secure the purchase of single family homes within the final quarter of 2015. We continue to aggressively assist towards qualifying additional families for homeownership opportunities on an ongoing basis.

HCV FSS Results through August 2015

- 34 participants currently enrolled in the HCV FSS Program
- In 2015, there have been 2 contract completions
- In 2015, there have been 7 new families enrolled
- 1 participant is enrolled in a GED Program
- 6 participants enrolled in college courses/degree programs
- 27 participants currently hold either part-time or full-time employment positions
- During 2015, the average increase in earned income was \$4,017.56
- As of the current time, 23 participants have escrow balances with an average escrow balance of \$4,950.93. All escrow balances total \$113,871.44.
- 15 participants are currently accruing escrow

- All participants are working on Credit Repair
- 2 participants purchased single family homes in 2015
- Many participants have established a goal of Homeownership within their FSS Contract

PH FSS Results through September 2015

- 39 participants currently enrolled in the PH FSS Program
- In 2015, there have been 6 new families enrolled
- 6 participants enrolled in college courses/degree programs
- 23 participants currently hold either part-time or full-time employment positions
- During 2015, the average increase in earned income was \$4,061.94
- As of the current time, 21 participants have escrow balances with an average escrow balance of \$4,532.88. All escrow balances total \$95,190.62
- 14 participants are currently accruing escrow
- All participants are working on Credit Repair
- Homeownership Program: The FSS Department of the LHA is responsible for assisting residents of Public Housing and Section 8 participants through the home buying process. With an exclusive association with the Residents First Development Corporation, a non-profit organization that builds homes for first time homebuyers and the Merrimack Valley Housing Partnership, participants in the program have access to an all-inclusive networking system that allows them to become future homeowners. The LHA covers the cost for each eligible family to complete the First Time Homebuyer's Program as well as offers post-purchase counseling for all clients to ensure long-term success as new homeowners. To date, several families have utilized their Section 8 Voucher towards homeownership. During 2015, 2 HCV FSS participants purchased single family homes utilizing their Section 8 Voucher.

PUBLIC HOUSING AND RESIDENT INITIATIVES:

The Lowell Housing Authority continues to offer programs and activities, which help improve the living environment for low- and moderate-income families living in public housing. These activities are summarized below:

- After-School Academic/ Summer Recreational Programs: These programs have provided education and guidance to youth of the LHA as well as the surrounding neighborhoods in order to prevent drug abuse. Together, these programs have been successful in reaching residents in need and in enhancing the overall security and safety at the housing authority sites. During the Summer of 2015, the Summer Recreational program provided approximately 65 participants with exposure to the following programming; swimming, sports, arts and crafts, and weekly reading activities provided by the Pollard Memorial Library as well as a field trip to the Museum of Science. Both Summer Program locations are also open meal sites via Project Bread and provide a healthy and balanced lunch to any interested youth under age 18, having served a total of 1,305 meals during our 2015 Summer Program. In addition, Project Bread awarded \$800.00 in grant funding for the purpose of providing recreational opportunities to program participants.
- The Learning Zone: The Learning Zone (North Common Village) serves youth in grades 3-8 from both the North Common Village Public Housing development as a

well as the surrounding Acre neighborhood. The Learning Zone (George W. Flanagan) serves youth in grades 3-8 from both the George W. Flanagan Public Housing development as well as the surrounding Highlands neighborhood. The overall mission of the Learning Zone is to offer daily tutoring assistance, hands-on activities, critical thinking exercises, informational guest speakers and recreational opportunities to further promote academic success and broaden one's quest for knowledge. Program staff have demonstrated an aptitude to act as a liaison between parents and school staff. Each site is supplied with individual laptops for student usage, a television and DVD player, educational movies, software and books as well as a plethora of school supplies needed to complete daily assignments and projects.

Mastering Math and Reading skills appear to be the greatest challenges faced by students in these programs. Program staff have observed many students who lack basic reading ability, leaving them to experience difficulty in completing assignments due to inability to read instructions. The language barrier that exists for many of the parents in this segment of the population further impedes their ability to help their children complete work outside of school. The Learning Zone offers many tools to overcome these obstacles to academic success. The increased number of volunteers allows more 1:1 attention to help those experiencing the most difficulty. The Learning Zone staff utilizes educational games and group activities to reinforce learning while still keeping it fun. In addition, guest speakers, presentations and field trips all play a significant role in the promotion of acquiring new knowledge and concepts.

Lowell Public Schools Nutrition Dept: Provides nutritious meals and snacks free of charge on a daily basis to program participants who due to limited family finances and food insecurity, may not always have access to healthy meals.

Recycling initiatives are conducted at both Learning Zone sites. The children choose rewards based upon the accrued monetary funds from recycling/redemption.

Pollard Memorial Library: A weekly Reading Program is conducted at the Learning Zone-Market St. during both the After-School and Summer Youth Activities Programs. The children receive awards as they attain their reading goals.

Summer & Recreational Opportunities:

Museum of Science-Boston, MA: Our Project Bread Meal Program sponsor, the Merrimack Valley Food Bank, applied for and was awarded grant funding for the provision of recreational activities which afforded us the ability to offer this Field Trip at no cost to participants.

Merrimack Valley Food Bank/Project Bread: Continues to provide the summer meal program to both of our Summer Youth Activities Program sites. The Project Bread Free Summer Lunch Program provided 862 lunches at Salem Street and 443 lunches at Chelmsford Street via MVFB over 6 weeks during 2015.

SFSP/Project Bread: LHA was awarded \$800.00 to provide recreational offerings on behalf of our Summer Youth Activities Program participants during 2015.

In conclusion, the LHA has found that many parents have developed an active involvement in their children's studies as a result of staff encouragement and support. Since the 2009 inception of the program, we have observed not only improvement in the children's academic progress but most importantly, a strong desire to learn the "why," "what" and "how" of the world around them. It is our hope that by making learning fun, we will instill an interest in the pursuit of higher education and therefore, increased future economic status.

The Kaitlyn Kazanjian Charitable Foundation provided a 2014 Christmas Party for all children residing within our North Common Village and George W. Flanagan housing developments.

CR-35 Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment (91.220(j); 91.320(i))

Under the City of Lowell's current Zoning Ordinance, over 38% of the land area is zoned to allow multi-family development in residential or mixed-use zoning districts. The City allows significant density in these zones. Even the most restrictive single-family zone allows more than four units per acre. In addition, the Ordinance allows for accessory dwelling units in single-family zoned areas and encourages the conversion of existing buildings including schools, churches, and obsolete industrial buildings, to multi-family residential uses, even when those buildings are located in single-family zoning districts. Lowell's permit fees and development review process are also some of the least burdensome in the region. The City does not charge development impact fees or technical review fees that are permitted under Massachusetts General Law and places no special permitting reviews on affordable housing projects that would not be required of all developments.

Maximum Allowable Residential Densities in Lowell Zoning Districts

| Zoning District(s) | Proportion of Land Area | Units per Acre |
|--|-------------------------|----------------|
| Suburban Multifamily (SMF), Suburban Mixed Use (SMU), & Traditional Two-Family (TTF) | 18% | 14.5 |
| Traditional Multifamily (TMF), Traditional Mixed Use (TMU), & Neighborhood Business (NB) | 9% | 11 |
| Urban Multifamily (UMF) & Urban Mixed Use (UMU) | 3% | 43.5 |
| Downtown Mixed Use (DMU), High Rise Commercial (HRC), and Institutional (INST) | 8% | 60-120* |

*Limited only by floor area ratios.

Additional steps that the City has taken to remove impediments to developing affordable housing include streamlining the permitting process, and utilizing Massachusetts programs to incentivize production of affordable housing units. For example, the City Council voted to designate several parcels in and around the Hamilton Canal District (14.5 acres of underutilized vacant industrial land adjacent to downtown) as "Priority Development sites" under the provision of M.G.L. Chapter 43D. This guarantees that projects proposed in this area will be permitted within 180 days of application submission, adding greater certainty and significantly reducing carrying costs for developers.

Unfortunately, the costs to construct or obtain housing in Eastern Massachusetts remain among the highest in the nation, severely limiting the affordability of housing throughout the region, including in Lowell. Despite these constraints, the City maintains 12.6% of its housing stock as affordable, a substantially greater percentage than in the surrounding suburban communities, where regulatory and project review barriers as well as public unease about affordable housing are more substantial challenges. The City of Lowell shares the Commonwealth of Massachusetts' goal that all municipalities should maintain at least 10% of their housing stock as affordable to residents earning 80% or less of the Area Median Income. The table below outlines the relative proportions of affordable housing in the municipalities in the Greater Lowell area. As the table below illustrates, Lowell maintains 51% of the region's subsidized affordable housing.

Affordable Housing in Greater Lowell Area

| Municipality | Total Housing Units (2010 Census) | Affordable Housing Units | Proportion of Affordable Housing |
|--------------|-----------------------------------|--------------------------|----------------------------------|
| Lowell | 41,308 | 5,220 | 12.6% |
| Billerica | 14,442 | 857 | 5.9% |
| Chelmsford | 13,741 | 1,169 | 8.5% |
| Dracut | 11,318 | 719 | 6.4% |

Source: Massachusetts Department of Housing and Community Development, Chapter 40B Subsidized Housing Inventory 12/05/2014

In summary, while the cost of housing development remains a major impediment to affordable housing production, the City of Lowell has taken significant steps to minimize the role that public policies at the local level have in exacerbating this challenge. As noted in the City's recently updated Master Plan: Sustainable Lowell 2025, Lowell also actively supports statewide efforts to encourage other communities to expand their housing production, recognizing that the overall market forces associated with an increase in regional housing supply will improve housing affordability in Lowell.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Lowell continues to support non-profit agencies, the local housing authority, homeless providers, and special needs groups in their goal to meet the underserved persons of the community. The City communicates with these groups as their needs change or the demand dramatically increases in order to provide the appropriate

assistance as needed. The City often provides technical assistance to providers in their pursuit of other federal, state, or private funding sources.

The primary obstacle to meeting underserved needs of low- and moderate-income populations continues to be the availability of funds. Organizations serving these populations continue to experience reductions in funding from both governmental and private sources. Like many entitlement communities, Lowell's CDBG and HOME funding was reduced in 2014-15.

Where practical the City has strongly encouraged organizations to consider collaborating in the provision of services to low-income residents in an effort to improve efficiency, strengthen capacity, and best meet the needs of the underserved.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

To address lead paint in its aging housing stock, the City of Lowell has historically administered a lead-based paint abatement program, funded through a series of HUD Lead Hazard Control grants. Key components of the program include deleading of properties for low to moderate income families, lead poisoning prevention education, community outreach, and technical training to increase the availability of licensed professionals to perform lead related activities.

In August 2013, the City secured a 36-month, \$2.5 million grant through the Office of Healthy Homes and Lead Hazard Control. \$2.3 million of these funds are directed to deleading 125 units in Lowell. The balance (\$200,000) is sub-contracted to UMass Lowell to conduct 37 Healthy Homes assessments (identification and treatment for mold, mildew, pests, fire and CO safety, etc.). In addition, CDBG and HOME funded housing-rehab programs address lead-paint should a child under six be present in the home. Eligible households are also referred to the Massachusetts Housing Partnership's "Get the Lead Out" program for additional financial support for de-leading activities.

To date, both the Lead Hazard Control and Healthy Homes programs are on track to meet their benchmarked goals with 60 of 125 units deleading and 26 of 37 Healthy Homes assessments conducted.

Activities taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Most activities undertaken by the City of Lowell with CDBG, HOME, ESG, and HOPWA funds are efforts to reduce persons in poverty and improve the quality of life for Lowell residents; either directly or indirectly. Programs that directly influence the poverty level: job enrichment, development, and placement through education and economic development. Projects that indirectly affect poverty include those that upgrade the community and provide affordable housing. CDBG, HOME, and ESG funds are often used as matching funds that also reduce the number of poverty level families.

Specific projects supported during the 2014-2015 program year that helped lift participants out of poverty included:

- Acre Family Child Care – Family Child Care Business Development
- AIDS Action Committee – Emergency Rental Assistance
- AIDS Action Committee – Emergency Housing
- AIDS Action Committee – HOCH Program
- Cambodian Mutual Assistance Association/Merrimack Valley Housing Partnership – First Time Homebuyer Counseling Program
- House of Hope – The Hope Chest
- Lowell House, Inc – Supportive Services
- Lowell Wish Project – Beds 4 Kids
- Community Teamwork – Fuel Assistance Program
- Community Teamwork, Inc. – SHIFT Program
- Justice Resource Institute – Assisted Living Program
- Merrimack Valley Housing Partnership – First Time Homebuyer Project
- South Middlesex Opportunity Council – HOPWA Program

Specific projects supported during the 2014-15 program year that provide direct assistance to persons in poverty included:

- Alternative House – Domestic Violence Shelter
- Asian Task Force Against Domestic Violence
- House of Hope – Shelter Operations
- International Institute of Lowell – Homeless Prevention
- Merrimack Valley Catholic Charities – Lowell Food Pantry Collaborative
- Merrimack Valley Food Bank – Mobile Pantry
- Merrimack Valley Food Bank – Food distribution Program
- St. Paul's Soup Kitchen

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Lowell Department of Planning and Development (DPD) acts as the primary administrative agency for the City of Lowell's Consolidated Plan programs. As part of this responsibility, the DPD consistently reviews the performance of subrecipients and monitors the overall program delivery structure to ensure coordination and compliance.

DPD staff provide education and outreach to subrecipients of Consolidated Plan funds, resulting in extremely high rates of compliance with program regulations, reporting requirements, and most significantly, efficient delivery of services and completion of programs in a time of increasingly constrained resources.

In addition to providing technical assistance and oversight to subrecipients from the private sector, staff routinely meet with officials from other City departments. Coordination among staff from the Department of Public Works, Department of Parks and Recreation, as well as offices within DPD helps to ensure an understanding of and

compliance with HUD grant agreements including Section 3, Davis Bacon and Environment Review.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Public and assisted housing providers, private and governmental health, mental health, and service agencies participated in the network of activities described in this CAPER report. They are also the organizations with which the City of Lowell worked to develop the FY 14-15 Annual Action Plan. In addition to the specific entities discussed in this report, a strong network of community partnerships exist among public, private, non-profit and for-profit sector of the City effectively working to meet the needs of Lowell's low- and moderate-income residents.

Additionally the City has a well-developed Continuum of Care with a full-time City staff member assisted to support the efforts to address homelessness in Lowell. Finally, the City strongly encourages collaborations among its subrecipients. A collaborative not only enhances the coordination of services among agencies but also helps consolidate the reporting requirements of the block grant programs, and reduces inefficiencies duplication of services.

Identify actions taken to overcome the effects of any impediments identified in the jurisdiction's analysis of impediments to fair housing choice. 91.520(a)

The City of Lowell updated its Analysis of Impediments to Fair Housing Choice Report (AI) in 2011. A brief summary of these impediments and the actions taken to address them during the 2014-15 program year is provided below.

Impediment #1/2: Lack of Fair Housing Outreach and Education and Lack of Fair Housing Enforcement

In 2012 The City launched a new page on its website dedicated to fair housing, offering information for households, landlords, property managers, and real estate agents about their rights and responsibilities under state and federal fair housing laws. Information is available in Spanish, Portuguese, and Khmer (Cambodian), the three most common languages spoken in Lowell, other than English. Additionally City staff participated in trainings on HUD's new LGBT Equal Access Rule and Fair Housing Online Forum for Veterans. Information from these trainings was passed along to local service providers and subrecipient agreements were updated to reflect new requirements.

Impediment #3: Potential for Discrimination against Families with Children due to the Presence of Lead Paint

The City of Lowell successfully secured a \$2.5million grant through the Office of Healthy Homes and Lead Hazard Control. These funds became officially available August 2013 for a 36 month period. \$200,000 of these funds will be used toward healthy homes interventions while the balance will assist in deleading activities. In the

meantime, CDBG and HOME funded housing-rehab programs address lead-paint should a child under six be present in the home.

Recommendation #1: Continue to encourage the development of a variety of housing options for individuals of mixed-incomes especially in areas of high concentrations of minority or low-income populations.

The City is working on the development of housing available to low moderate income households in higher income neighborhoods through prioritizing HOME funds to support of affordable housing development in “opportunity areas”, and working with the Lowell Housing Authority to locate project based vouchers in “opportunity areas” to further de-concentrate subsidized housing. Lowell also has encouraged the development of market rate housing in areas with high concentration of poverty. To further support these efforts, the city received approval from the Massachusetts DHCD to create a Housing Development Incentive Program (HDIP) Zone. This state program, designed to boost the development of market rate housing in designated “Gateway Cities” will provide state (and potentially local) tax incentives to market rate residential projects.

Recommendation #2: Promote Diversity on City Boards and Commissions

The City of Lowell has made it a priority to attempt to reach a larger segment of the community to increase the applicant pool through the use of the City website, list serves, email blasts and other social media. Of the residents that currently serve on the various boards and commissions the City tracks demographics of the individuals that receive a stipend for their. The City will continue to track this data and increase efforts to diversity membership.

Recommendation #3: Formalize a Limited English Proficiency (LEP) Plan

In October 2011 Lowell’s Department of Planning and Development released a Limited English Proficiency Plan for Federally Assisted Programs. The document outlines the steps the City will take to communicate with people qualifying for federally assisted programs who need services or information in a language other than English. Electronic copy of the LEP plan is located on the City’s website

CR-40 Monitoring

Description of the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements. 91.220 and 91.230

Lowell's Department of Planning and Development's monitoring process is more fully described in the Five-Year Consolidated Plan which is available on the City's website at www.lowellma.gov.

In general staff follow at least three channels for subrecipient monitoring: 1) a monthly "desk audit" of monthly reports and reimbursement requests; 2) an internal database designed to track overall progress towards program goals; and 3) on-site monitoring visits. The City of Lowell recognizes that monitoring is an important and ongoing component of the entitlement grant programs and is committed to completing at least one on-site visit at any *high-risk* program site during the course of each program year. For the past few years specific attention was given to ARRA-funded activities to ensure compliance with the Recovery Act. Additional monitoring is conducted to ensure compliance with programmatic regulations.

Subrecipient Monitoring: DPD staff conduct a risk assessment to identify subrecipients that may require a comprehensive on-site monitoring, by carefully examining subrecipients past performance. High-risk subrecipients include those which are:

- new recipients of CDBG, ESG, HOME, or HOPWA funds;
- experiencing turnover in key staff positions or a change in goals or direction;
- agencies with previous compliance or performance problems including failure to meet schedules, submit timely reports, or clear monitoring or audit findings;
- carrying out high-risk activities (such as economic development); and
- undertaking multiple entitlement grant funded activities at the same time.

Davis Bacon Compliance: Consultations with subrecipients and their contractors are held at the start of the grant to ensure all parties are aware of DBRA requirements. DPD staff conduct site visits and employee interviews, and check weekly payroll forms for accuracy and compliance.

MBE/WBE Outreach: Outreach to minority and women owned businesses is encouraged in both projects supported with entitlement funds as well as other city projects. The City encourages the utilization of MBE/WBE businesses by:

- Making direct reference to encourage minority and women business enterprises to participate in all solicitation for bids
- Direct periodic mailing to local and regional MBE's and WBE's encouraging participation in CDBG and HOME activities

- Direct periodic mailing to minority and women oriented service agencies and associations that may assist in encouraging minority and women owned businesses to participate
- Pass-through requirements to private and nonprofit groups acting as subrecipients of Consolidated Plan program funds , to the maximum extent possible, seek the inclusion of minorities and women-owned businesses in funded activities.

Fair Housing/Section 3 Compliance: The City ensures compliance with Fair Housing and Section 3 during the process of awarding grant agreements to selected agencies and throughout the program year. Documentation is maintained on efforts to support low- and moderate-income residents.

Timeliness: As both public and private resources decline the City is mindful of the importance in allocating and spending Consolidated Plan funds on projects that can quickly achieve their goals to meet the underserved needs of Lowell's low- and moderate-income residents while complying with applicable federal grant requirements.

Grant agreements for all public service activities are set up for a period of eight - ten months. This requirement ensures that the City is able to adhere to its own internal financial policies as proscribed by the Auditing Department and provides additional controls to ensure that the City does not spend more than 15% cap allowed on public service activities.

Most non-public service activities including public improvement and housing projects as well as some economic development activities use CDBG and HOME funds as seed money to leverage additional resources. As a result these projects are not held to the same ten month window to spend down their grant; however they are required to break ground and begin incurring costs within 12 months for HOME funded projects and 18 months for CDBG funded projects. This policy ensures that valuable federal dollars are not assigned to a project that is not in a position to move forward while providing some flexibility for the project to secure other funding sources.

Finally, Community Development staff review open activities in IDIS quarterly and communicate with project managers about any timeliness concerns. This review ensures that accomplishment goals are achieved in order to meet a National Objective and that funds are spent and drawn down in a timely manner. A more robust internal review of HOME projects began in 2011-12. To ensure that all HOME compliance deadlines are met an internal spreadsheet has been designed to help track the status of housing projects. Staff from the Community Development and Housing offices periodically review the expenditure rates of HOME projects as well as the development schedule to ensure that expenditure and completion deadlines are met.

Citizen Participation Plan: Description of efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports. 91.105(d) and 91.115(d)

The availability of the CAPER for the 2014-2015 program year was advertised in the Lowell Sun on October 9, 2015 and October 17, 2015. Public notices were also posted on the City's website as well as in English, Spanish, Portuguese, and Khmer at the Clerk's Office in Lowell City Hall, the Department of Planning and Development, and the Pollard Memorial Library, along with copies of the draft CAPER. The fifteen-day comment period ends on October 23, 2015.

Any comments received on this draft report will be included, along with the City's response, in the final CAPER.

No changes to the 2010-2015 Consolidated Plan Program were made during this reporting period. The priorities identified in the Five-Year Plan were the basis for allocating HUD funds during FY 14-15.

CR – 50 HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations.

The City's Housing Program conducts annual HQS Inspections of investor-owned rental properties assisted with HOME funds to ensure compliance with the Housing Quality Standard report. The vast majority of the City's rental housing is supported by vouchers from the Lowell Housing Authority, which conducts an annual inspection of supported properties and provides copies to the City. Units not supported by vouchers are inspected by the City of Lowell's housing staff. Self-verification forms are collected from tenants, documenting their household income, as well as their monthly rent and utility payments. Along with this income-verification process, housing staff inspect the properties for any physical problems and assist property owners, should there be any deficiencies. During the 2014-15 reporting period, all scheduled inspections were completed. A summary of the inspections is included in the table below.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The Department of Planning and Development (DPD) has continued to further affirmative marketing actions to involve minorities and women in the HOME program. Notices of funding availability are published in Spanish, Portuguese, and Khmer as well as English. Requests for contractor qualifications for rehabilitation and lead abatement program contractor lists are advertised and minority contractors are encouraged to apply. Qualified MBE and WBE contractors are included on lists of qualified contractors provided to property owners who receive assistance through these programs.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics.

To be completed for final CAPER

Describe other actions taken to foster and maintain affordable housing 91.220(k)

The following activities helped to foster and maintain quality affordable housing in Lowell and Middlesex County:

- AIDS Action Committee
- City of Lowell, DPD – Code Enforcement
- City of Lowell, DPD – Emergency Housing Repair
- City of Lowell, DPD – First Time Homebuyer Program

- Community Teamwork, Inc.
- Institute for Health and Recovery
- Justice Resource Institute
- Lowell House, Inc.
- Rebuilding Together, Lowell
- Residents First Development Corporation

Energy Efficiency: In order to foster housing affordability and assist households to maintain quality energy efficient housing, the City adopted HUD's policy requiring energy star specifications for new construction and substantial rehabilitation projects. The Rivers Edge Development project in the South Lowell neighborhood includes 11 new HOME-assisted units which are currently under development and will comply with energy star standards. Additionally, in instances where Consolidated Plan funds are used to assist homeowners with minor rehab work that might not meet energy star qualifications, the City encourages the purchase of energy star appliances.

To further encourage energy efficiency in residential construction, the Lowell City Council voted to adopt the Massachusetts Stretch Code on March 31, 2010. The Stretch Code requires an increased level of energy efficiency on all new construction and substantial rehabilitation projects throughout the City. The Stretch Code is not dependent on funding as a requirement to achieve potentially the same energy efficiency rating as an Energy Star home.

TABLE – HOPWA Number of Households Served

Narrative

Lowell's Five Year Consolidated Plan projected serving approximately 1,720 households with housing related supportive services and 140 households with financial assistance to secure affordable housing between 2010-2015. During the 2014-15 program year 75 households were provided with either long-term rent subsidy or short-term emergency assistance to remain in permanent housing. An additional 252 households received supportive services including permanent housing placement assistance and housing information services. The City of Lowell Utilizes HUD Form 40100-D Measuring Performance Outcomes and the Grantee CAPER/IDIS Verification Worksheets for its HOPWA CAPER. These forms are included in the Appendix to this CAPER Report.

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

"A STRONG COMMITMENT TO RESIDENT INITIATIVES"

CR-30 PUBLIC HOUSING 91.220(H); 91.320(J)

ACTIONS TAKEN TO ADDRESS THE NEEDS OF PUBLIC HOUSING RESIDENTS:

The following summarizes improvements by the Lowell Housing Authority, in public housing programs initiated or ongoing during the reporting period.

Low Rent Public Housing Program: LHA continued to implement site based waiting lists for all Federal Public Housing Developments. This streamlined process allows applicants to choose developments that best suit their needs and has improved the screening procedures for applicants of public housing programs, as well as ensured vacant units are filled quickly.

LHA screening procedures for Public Housing Programs were improved enabling the Authority to create an approved Applicant Pool for each of the developments serviced. This system has saved time in making offers as soon as units become available.

The LHA has implemented an online application process to increase accessibility to applicants. The application form has been revised and requires basic household information. For those who wish to apply in one of our offices, staff is available to assist and answer any questions they may have.

ROSS Program: A Resident Service Coordinator (RSC) is employed directly by LHA to provide an array of supportive social services to elderly/disabled residents. Such services include: a) Assisting residents in applying for various financial, health and other benefit programs, b) Assisting residents with accessing medical, mental health and homemaker services, c) Assisting residents with accessing services that can enhance an individual's overall wellbeing including day, social, employment, recreational and nutritional programs, d) Providing crisis intervention services, as needed, and e) Facilitating health education presentations. The RSC has also provided trainings for Property Management and FSS staff on various mental health topics. The rationale for such trainings is twofold: a) to enhance non-clinical staff's understanding in these areas and b) to enhance the Property Management/RSC partnership in tenant preservation and quality of life efforts.

Some of the elderly/disabled sites continue to offer resident-operated breakfast cafes and luncheon meal programs via the Merrimack Valley Nutrition Project. A partnership with the Greater Boston Food Bank and Elder Services of Merrimack Valley makes available to a number of the residents, access to the monthly Brown Bag Program which provides extra food supplies available to eligible tenants. At the present time, 96 residents partake in this offering. Finally, in partnership with Community Teamwork, Inc., a number of residents participate in the Senior Corps Volunteer Program. Volunteers serve as Friendly Visitors to other elderly residents, most notably those who are socially isolated. The RSC serves as the on-site Station Supervisor for this program.

In an effort to respond to the mobility limitations of many Public Housing individuals and families, the LHA continues to increase the number of handicapped-accessible units within our developments through conversion of standard units to meet ADA requirements.

ACTIONS TAKEN TO ENCOURAGE PUBLIC HOUSING RESIDENTS TO BECOME MORE INVOLVED IN MANAGEMENT AND PARTICIPATE IN HOMEOWNERSHIP.

In an effort to address the needs of public housing residents, the Lowell Housing Authority offers its tenants opportunities to become involved in LHA management and policy implementation. LHA also provides a variety of activities aimed at self-sufficiency and homeownership among its residents. These programs are described below:

Community Service Program: A requirement of the residential lease signed by all public housing residents of LHA is to participate in the Community Service Program. As part of the program, non-exempt residents are mandated to contribute eight hours per month of community service, participate in eight hours per month of economic self-sufficiency activity, or a combination of the two.

Housing Choice Voucher & Public Housing Family Self-Sufficiency Programs: The Family Self-Sufficiency Program is designed to foster a holistic approach to self-sufficiency and engages with other agencies in the City to offer residents new opportunities for educational, financial and personal development. While overseeing an HCV FSS Program for many years, the LHA was awarded HUD funding to implement a Public Housing FSS Program in 2011 and has been awarded such on annual basis since that time. The premise of each program is that everyone deserves a chance for self-sufficiency, regardless of his or her current skill level, ability or past performance. Some of the provisions administered through the program include: intensive Case Management, resume development, financial literacy education, employment search support, credit repair guidance as well as instruction on nutrition, preventative medical care and healthy living. Referrals are frequently made to the Career Center of Lowell, Suitability, The Wish Project, Community Teamwork, Inc., and Middlesex Community College to assist in meeting the educational and employment goals of our participants. Through increases in earned income, many families become eligible for an interest-bearing escrow account. This component has allowed numerous LHA families to transition from subsidized housing to homeownership. During 2015, two HCV FSS participants completed their FSS Contract via satisfying their final goal of homeownership. Each participant successfully purchased a single family home within the City of Lowell. It is anticipated that additional families will secure the purchase of single family homes within the final quarter of 2015. We continue to aggressively assist towards qualifying additional families for homeownership opportunities on an ongoing basis.

HCV FSS Results through August 2015

- 34 participants currently enrolled in the HCV FSS Program
- In 2015, there have been 2 contract completions
- In 2015, there have been 7 new families enrolled
- 1 participant is enrolled in a GED Program
- 6 participants enrolled in college courses/degree programs
- 27 participants currently hold either part-time or full-time employment positions
- During 2015, the average increase in earned income was \$4,017.56
- As of the current time, 23 participants have escrow balances with an average escrow balance of \$4,950.93. All escrow balances total \$113,871.44.
- 15 participants are currently accruing escrow

- All participants are working on Credit Repair
- 2 participants purchased single family homes in 2015
- Many participants have established a goal of Homeownership within their FSS Contract

PH FSS Results through September 2015

- 39 participants currently enrolled in the PH FSS Program
- In 2015, there have been 6 new families enrolled
- 6 participants enrolled in college courses/degree programs
- 23 participants currently hold either part-time or full-time employment positions
- During 2015, the average increase in earned income was \$4,061.94
- As of the current time, 21 participants have escrow balances with an average escrow balance of \$4,532.88. All escrow balances total \$95,190.62
- 14 participants are currently accruing escrow
- All participants are working on Credit Repair
- Homeownership Program: The FSS Department of the LHA is responsible for assisting residents of Public Housing and Section 8 participants through the home buying process. With an exclusive association with the Residents First Development Corporation, a non-profit organization that builds homes for first time homebuyers and the Merrimack Valley Housing Partnership, participants in the program have access to an all-inclusive networking system that allows them to become future homeowners. The LHA covers the cost for each eligible family to complete the First Time Homebuyer's Program as well as offers post-purchase counseling for all clients to ensure long-term success as new homeowners. To date, several families have utilized their Section 8 Voucher towards homeownership. During 2015, 2 HCV FSS participants purchased single family homes utilizing their Section 8 Voucher.

PUBLIC HOUSING AND RESIDENT INITIATIVES:

The Lowell Housing Authority continues to offer programs and activities, which help improve the living environment for low- and moderate-income families living in public housing. These activities are summarized below:

- After-School Academic/ Summer Recreational Programs: These programs have provided education and guidance to youth of the LHA as well as the surrounding neighborhoods in order to prevent drug abuse. Together, these programs have been successful in reaching residents in need and in enhancing the overall security and safety at the housing authority sites. During the Summer of 2015, the Summer Recreational program provided approximately 65 participants with exposure to the following programming; swimming, sports, arts and crafts, and weekly reading activities provided by the Pollard Memorial Library as well as a field trip to the Museum of Science. Both Summer Program locations are also open meal sites via Project Bread and provide a healthy and balanced lunch to any interested youth under age 18, having served a total of 1,305 meals during our 2015 Summer Program. In addition, Project Bread awarded \$800.00 in grant funding for the purpose of providing recreational opportunities to program participants.
- The Learning Zone: The Learning Zone (North Common Village) serves youth in grades 3-8 from both the North Common Village Public Housing development as a

well as the surrounding Acre neighborhood. The Learning Zone (George W. Flanagan) serves youth in grades 3-8 from both the George W. Flanagan Public Housing development as well as the surrounding Highlands neighborhood. The overall mission of the Learning Zone is to offer daily tutoring assistance, hands-on activities, critical thinking exercises, informational guest speakers and recreational opportunities to further promote academic success and broaden one's quest for knowledge. Program staff have demonstrated an aptitude to act as a liaison between parents and school staff. Each site is supplied with individual laptops for student usage, a television and DVD player, educational movies, software and books as well as a plethora of school supplies needed to complete daily assignments and projects.

Mastering Math and Reading skills appear to be the greatest challenges faced by students in these programs. Program staff have observed many students who lack basic reading ability, leaving them to experience difficulty in completing assignments due to inability to read instructions. The language barrier that exists for many of the parents in this segment of the population further impedes their ability to help their children complete work outside of school. The Learning Zone offers many tools to overcome these obstacles to academic success. The increased number of volunteers allows more 1:1 attention to help those experiencing the most difficulty. The Learning Zone staff utilizes educational games and group activities to reinforce learning while still keeping it fun. In addition, guest speakers, presentations and field trips all play a significant role in the promotion of acquiring new knowledge and concepts.

Lowell Public Schools Nutrition Dept: Provides nutritious meals and snacks free of charge on a daily basis to program participants who due to limited family finances and food insecurity, may not always have access to healthy meals.

Recycling initiatives are conducted at both Learning Zone sites. The children choose rewards based upon the accrued monetary funds from recycling/redemption.

Pollard Memorial Library: A weekly Reading Program is conducted at the Learning Zone-Market St. during both the After-School and Summer Youth Activities Programs. The children receive awards as they attain their reading goals.

Summer & Recreational Opportunities:

Museum of Science-Boston, MA: Our Project Bread Meal Program sponsor, the Merrimack Valley Food Bank, applied for and was awarded grant funding for the provision of recreational activities which afforded us the ability to offer this Field Trip at no cost to participants.

Merrimack Valley Food Bank/Project Bread: Continues to provide the summer meal program to both of our Summer Youth Activities Program sites. The Project Bread Free Summer Lunch Program provided 862 lunches at Salem Street and 443 lunches at Chelmsford Street via MVFB over 6 weeks during 2015.

SFSP/Project Bread: LHA was awarded \$800.00 to provide recreational offerings on behalf of our Summer Youth Activities Program participants during 2015.

In conclusion, the LHA has found that many parents have developed an active involvement in their children's studies as a result of staff encouragement and support. Since the 2009 inception of the program, we have observed not only improvement in the children's academic progress but most importantly, a strong desire to learn the "why," "what" and "how" of the world around them. It is our hope that by making learning fun, we will instill an interest in the pursuit of higher education and therefore, increased future economic status.

The Kaitlyn Kazanjian Charitable Foundation provided a 2014 Christmas Party for all children residing within our North Common Village and George W. Flanagan housing developments.

Housing Opportunities for Persons with AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 12/31/2017)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitations are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial

Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

| HOPWA Housing Subsidy Assistance | | [1] Outputs: Number of Households |
|----------------------------------|--|-----------------------------------|
| 1. | Tenant-Based Rental Assistance | 1 |
| 2a. | Permanent Housing Facilities: Received Operating Subsidies/Leased units | |
| 2b. | Transitional/Short-term Facilities: Received Operating Subsidies | |
| 3a. | Permanent Housing Facilities: Capital Development Projects placed in service during the operating year | |
| 3b. | Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year | |
| 4. | Short-term Rent, Mortgage, and Utility Assistance | 1 |
| 5. | Adjustment for duplication (subtract) | 1 |
| 6. | TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5) | 1 |

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (**grantees**) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all **grantees** and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered

"grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See the *Code of Federal Regulations Title 24, Part 5.403* and the *HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing

function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Consolidated Annual Performance and Evaluation Report (CAPER)

Measuring Performance Outputs and Outcomes

OMB Number 2506-0133 (Expiration Date: 10/31/2017)

Part 1: Grantee Executive Summary

As applicable, complete the charts below to provide more detailed information about the agencies and organizations responsible for the administration and implementation of the HOPWA program. Chart 1 requests general Grantee Information and Chart 2 is to be completed for each organization selected or designated as a project sponsor, as defined by CFR 574.3. In Chart 3, indicate each subrecipient organization with a contract/agreement of \$25,000 or greater that assists grantees or project sponsors carrying out their administrative or evaluation activities. In Chart 4, indicate each subrecipient organization with a contract/agreement to provide HOPWA-funded services to client households. These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

Note: Please see the definition section for distinctions between project sponsor and subrecipient.

Note: If any information does not apply to your organization, please enter N/A. Do not leave any section blank.

3. Administrative Subrecipient Information

Use Chart 3 to provide the following information for each subrecipient with a contract/agreement of \$25,000 or greater that assists project sponsors to carry out their administrative services but no services directly to client households. Agreements include: grants, subgrants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders. (Organizations listed may have contracts with project sponsors) These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

Note: Please see the definitions for distinctions between project sponsor and subrecipient.

4. Program Subrecipient Information

Complete the following information for each subrecipient organization providing HOPWA-funded services to client households. These organizations would hold a contract/agreement with a project sponsor(s) to provide these services. For example, a subrecipient organization may receive funds from a project sponsor to provide nutritional services for clients residing within a HOPWA facility-based housing program. Please note that subrecipients who work directly with client households must provide performance data for the grantee to include in Parts 2-7 of the CAPER.

Note: Please see the definition of a subrecipient for more information.

Note: Types of contracts/agreements may include: grants, sub-grants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders.

Note: If any information is not applicable to the organization, please report N/A in the appropriate box. Do not leave boxes blank.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

See attached

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

See attached

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

See attached

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

See attached

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

See attached

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

See attached

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.
See attached

d. Unmet Housing Needs: An Assessment of Unmet Housing Needs

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

Note: In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.

1. Planning Estimate of Area's Unmet Needs for HOPWA-Eligible Households

| | |
|--|-----|
| 1. Total number of households that have unmet housing subsidy assistance need. | 115 |
| 2. From the total reported in Row 1, identify the number of households with unmet housing needs by type of housing subsidy assistance: | |
| a. Tenant-Based Rental Assistance (TBRA) | 780 |
| b. Short-Term Rent, Mortgage and Utility payments (STRMU) | 12 |
| • Assistance with rental costs | 11 |
| • Assistance with mortgage payments | 0 |
| • Assistance with utility costs. | 1 |
| c. Housing Facilities, such as community residences, SRO dwellings, other housing facilities | 85 |

2. Recommended Data Sources for Assessing Unmet Need (check all sources used)

| | |
|---|---|
| X | = Data as reported in the area Consolidated Plan, e.g. Table 1B, CPMP charts, and related narratives |
| x | = Data established by area HIV/AIDS housing planning and coordination efforts, e.g. Continuum of Care |
| | = Data from client information provided in Homeless Management Information Systems (HMIS) |
| x | = Data from project sponsors or housing providers, including waiting lists for assistance or other assessments on need including those completed by HOPWA competitive grantees operating in the region. |
| | = Data from prisons or jails on persons being discharged with HIV/AIDS, if mandatory testing is conducted |
| | = Data from local Ryan White Planning Councils or reported in CARE Act Data Reports, e.g. number of clients with permanent housing |
| | = Data collected for HIV/AIDS surveillance reporting or other health assessments, e.g. local health department or CDC surveillance data |

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

Note: The total households assisted with HOPWA funds and reported in PART 3 of the CAPER should be the same as reported in the annual year-end IDIS data, and goals reported should be consistent with the Annual Plan information. Any discrepancies or deviations should be explained in the narrative section of PART 1.

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a., enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b., enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c., enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d., enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e., enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f., enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g., report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a., column [1] and the total amount of HOPWA funds reported as expended in Row a., column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b. and f., respectively.

Data Check: The total number of households reported in Column [1], Rows b., c., d., e., and f. equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b., c., d., e., f., and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

End of PART 3

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column [1].
Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 1. Housing Stability: Assessment of Client Outcomes on Maintaining Housing Stability (Permanent Housing and Related Facilities)

A. Permanent Housing Subsidy Assistance

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors/subrecipients that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c. to adjust for duplication among the service categories and Row d. to provide an unduplicated household total.

Line [2]: For project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b. below.

| Total Number of Households | |
|---|-----|
| 1. For Project Sponsors/Subrecipients that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services: | |
| a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing | 46 |
| b. Case Management | 169 |
| c. Adjustment for duplication (subtraction) | 16 |
| d. Total Households Served by Project Sponsors/Subrecipients with Housing Subsidy Assistance (Sum of Rows a.b. minus Row c.) | 199 |
| 2. For Project Sponsors/Subrecipients did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service: | |
| a. HOPWA Case Management | 23 |
| b. Total Households Served by Project Sponsors/Subrecipients without Housing Subsidy Assistance | 23 |

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors/subrecipients that provided HOPWA housing subsidy assistance as identified in Chart 1a., Row 1d. above, report the number of households that demonstrated access or maintained connections to care and support within the program year.

Column [2]: Of the households identified as receiving services from project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a., Row 2b., report the number of households that demonstrated improved access or maintained connections to care and support within the program year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

1c. Households that Obtained Employment

Column [1]: Of the households identified as receiving services from project sponsors/subrecipients that provided HOPWA housing subsidy assistance as identified in Chart 1a., Row 1d. above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a., Row 2b., report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

Note: This includes jobs created by this project sponsor/subrecipients or obtained outside this agency.

Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.

PART 5: Worksheet - Determining Housing Stability Outcomes (optional)

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is optional.

| Permanent Housing Subsidy Assistance | Stable Housing (# of households remaining in program plus 3+4+5+6) | Temporary Housing (2) | Unstable Arrangements (1+7+8) | Life Event (9) |
|---|---|--|----------------------------------|--------------------|

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities**A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals who Received HOPWA Housing Subsidy Assistance**a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

| Individuals Served with Housing Subsidy Assistance | Total |
|--|-------|
| Number of individuals with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance. | 104 |

Chart b. Prior Living Situation

In Chart b., report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a. above.
